iDISPLAY™ THERMOMETER

CE FC Certified

PN:**UITH108-B03**

Contactless Technology

As people become increasingly conscious and hesitant to touch public surfaces, contactless interaction is among top priorities for people today. Triggered by facial recognition, users can have their temperature read by simply standing within three feet of iDISPLAY Thermometer.

Thermal Imaging

Backed by the world's leading technology in infrared thermopile arrays known as the Omron Sensor, iDISPLAY Thermometer can recognize and capture different levels of infrared light to accurately and rapidly detect temperature.

Rapid Response

A frictionless interaction, iDISPLAY Thermometer enables users to have their temperatures read in a matter of 2 seconds, ensuring a steady and safe flow of traffic into public spaces.
